

COOKIE POLICY

DATA COLLECTED DURING YOUR INTERACTION WITH US (ARPANET Information Technology Co., Ltd.)

Various technologies can be used to improve our website, to make it useful, effective and secure. These technologies may be various data acquisition tools that automatically collect information showing your access and use by our website every time you visit our website, as well as related technologies may be used when collecting data by third parties operating on our behalf and on our account. As an example of these technologies; cookies, flash cookies and web analytics can be displayed.

Cookies

Today, almost every website uses cookies. We also use cookies to provide you with a better quality, faster and safer experience. Cookies are small text files created by the websites you visit, storing your website preferences and placed on your device. Cookies can be stored on your device through your browser during your first visit to a website. When you visit the same site again with the same device, your browser checks whether there is a cookie stored in the name of the site on your device. If there is a record, it transmits the data in the record to the website you are visiting. In this way, the website understands that you have visited the site before and determines the content to be sent to you accordingly.

Web traffic is analyzed through cookies and your site access information is recorded.

- ❖ Cookies used on our website do not harm your computer and do not contain viruses.
- ❖ Relevant data acquisition tools are generally used for the following purposes:
- ❖ To increase the performance of the website, to make the use of the sites easier and / or faster;
- ❖ Offering new features through websites;
- ❖ storing information about you (on your device or browser cache) and your use of websites;
- ❖ To monitor and understand the use of products and services;
- ❖ To improve and personalize your website user experience;

To ensure the security of you and our site.

Types of Cookies We Use on Our Website

Necessary Cookies

The most important cookies and essential cookies. It is used for your browsing and security on our website.

Analytical Cookies

We use cookies to detect the number of visitors to our website. Analytical cookies are used to see how you use our website and what is and is not working on our site, to optimize and improve our site, and to make sure it continues to be interesting and relevant to you. The data obtained include details such as the pages you view, the routing / exit pages, the type of platform you use, the date / time stamp information and the number of (mouse) clicks on the given page, your mouse movements, your image scrolling activity, the search terms you use and the text you enter while using our site.

Can cookies be blocked?

To change your preferences for the use of cookies or to block or delete cookies, simply change your browser settings. Many browsers give you the option to accept or decline cookies, to accept only certain types of cookies, or to be alerted by the browser whenever you request to store cookies on a website or your device so you can control cookies. It is also possible to delete cookies previously saved in your browser. However, we would like to remind you that if you delete cookies and prevent future cookies from being downloaded to your computer, you may not be able to access some of our features.

We would like to point out that if you disable or decline cookies, some features and services on our websites will not work properly as we will not be able to recognize and associate your account (s).
